Á c á € The business trust áe is a key indicator of future economic performance. Expectations for the growth of benefits in China (which lowered 33pp to 13%) and the United States (which lowered 23PP to 34%) have seen similar falls. A new research of the Grant Thornton International Business Report (IBR) [742 KB] reveals that, although business trust in 2014 climbed to levels not seen since before the financial crisis, a recent wave of uncertainty is weighing about the prospects of Growth for the coming year. Both in China (37%) and in the United States (35%), revenue growth expectations fell 33PP during the quarter. But in the fourth quarter, global optimism fell from 43% to 35%, driven by strong falls in the United States (10 percentage points to 25%), China (30 percentage points to 25%) and Japan (12 percentage points A -12%). January 10, 2019 Grant Thornton International Ltd said that today a deliberate approach in the key strategic growth markets has led a combined global income rated from USD5.45 billion for the year ended September 30, 2018, driven 0.4% throughout the network. In fact, Greece, with one -28% is marked as lagging global in terms of optimism á 6 or 7 businessmen. The threat of recession and deflation in the Euro and Japanese zone is also a massive concern. Jun 5, 2016 on Thursday, June 2, Grant Thornton, with his commitment to inform his stakeholders about the recent evolution of the economic environment and business, held a breakfast event, for the second consecutive year, dedicated to the recent evolution of the insurance sector. Digitech Innovation Grant Thornton Vietnam launches new service of consulting and technological solutions launching new service: Technology Consulting & Solutions Grant Thornton Business Report is an annual report produced by Grant Thornton International. Both the growth of income (which fell 13 percentage points from 56% to 43%) as well as earnings growth (which fell 11 percentage points (from 43% to 32%)) have reduced the global outlook. Meanwhile, so much, The US Federal Reserve UU Finally raises interest rates next year, it could have great effects of elimination all over the world, especially in several emerging markets. Add the deceleration in China, which is cushioning the demand for natural resources of Latin America and exports from Southeast Asian, and is clear that the perspective for 2015 is far from stable. "This uncertainty is Weighing a lot in the prospects for business growth. On February 17, 2020 Eurobank and Grant Thornton today granted the growth awards 2020 to six (6) Greek companies that distinguished, combining a strong financial performance with the best prá. in areas that are critical for contemporary entrepreneurship. With the price of oil, the future of the eurozone carved away from security, tensions in Ukraine and the concern for the rhythm of deceleration in China, the confidence of business leaders, especially in the three largest economies in the world, has slipped while we entered 2015. February 15, 2016 A new report published by Grant Thornton finds E The composition of boardrooms around the world needs to be updated to reflect today's digital economy and the diverse business community. More strong global demand MA and BOOST Exports next year, but investment in brand properties can mitigate this to a large extent. The IBR shows that global business optimism for 2014 stood at an average of 41% compared to 28% in 2013 and only 12% in 2012. November 15, 2021 Grant Thornton is converting the page and enters in a new era, modernizing its premises in Athens and Thessalonica.
